Lesson 14: The Hunger Gap

Community Food Availability Maps

1. What is the name of this community?

2. From what type of store(s) do you think most residents in this community get the majority of their food? How might this differ among residents who have access to a vehicle versus those who don’t?

3. Does this type of store(s) generally offer a variety of healthy options, such as fruits, vegetables, whole grains, and beans, at affordable prices?

4. Based on the information given, how would you describe how difficult it is for residents of this community to get enough healthy food? Would you consider this community a food desert? Why or why not?

5. What additional information might help you better measure how difficult it is for residents of this community to get enough healthy food?
